

# MSP in tropical Atlantic: governance dynamics International workshop

In Recife, Brazil, UFPE, Feb. 4-5, 2019

The workshop “MSP in tropical Atlantic: governance dynamics” aims to share experiences on Marine Spatial Planning in Europe and Brazil.

It will be centred on a legal and socio-political perspective, to better understand (emerging) policy practices, processes and institutional contexts enabling and/or constraining MSP governance dynamics in the transboundary, North-South Atlantic context.

Four sessions will be organised over the two days of the workshop:

- Marine Zoning in Brazil
- MSP in Europe
- Toward MSP in Brazil
- Current connections across tropical Atlantic

This workshop is organized by the [PADDLE project](#), with the help and support of:

- “A estratégia brasileira de gestão sustentável dos recursos marinhos vivos et nao vivos” (UnB, UFC e UPM – CAPES)
- LMI Tapioca (IRD, UFPE, UFRPE)
- Bacharelado em Oceanografia da UFPE - 10 anos
- Wageningen University
- Faculdade de Ciências da Universidade de Lisboa

*This project (PADDLE) has received funding from the European Union's Horizon 2020 research and innovation programme under Grant agreement No 734271*
