Policy and Governance Dynamics in Marine Spatial Planning

Welcoming session

José Guerreiro, University of Lisbon (P)

Hilde Toonen, Wageningen University (NL)

This communication is a contribution to the PADDLE project, which has received funding from the European Union's Horizon 2020 research and innovation programme under Grant agreement No 734271.

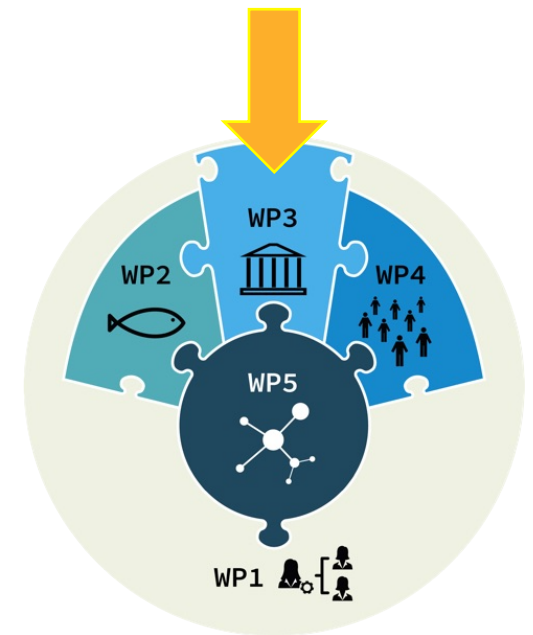

Understanding governance dynamics

- ❖ Overall aim of work package 3:

Fostering **knowledge exchange** on MSP policy and governance dynamics in a transboundary, North-South Atlantic context

- ❖ Our main focus:

Research collaboration between academic and non-academic researchers from different social science disciplines, and with policy-makers and practitioners

This workshop

We aim to:

inform, be informed and jointly mobilize knowledge

We do so by:

- ◆ Sharing experiences in MSP in Europe and in Brazil
- ◆ Using legal and socio-political perspectives

We hope to provide to our participants:

- ◆ An enhanced understanding of MSP as policy paradigm, and about current practices in the Atlantic Ocean
- ◆ Room to contribute to discussions about future developments

Our programme

Today

- ◆ Introduction session
- ◆ Marine zoning in Brazil
- ◆ MSP in Europe

Tomorrow

- ◆ Towards MSP in Brazil
- ◆ Connections across the Atlantic
- ◆ Round table discussions
